[AMERICAN BRIGHT OPTOELECTRONICS CORPORATION](#)

Manufacturer of surface mount LED's, LED lamps, displays, IR/PT, PLCC, and LED lighting (ISO 9002, QS 9000)

[ARIES ELECTRONICS, INC.](#)

Manufacturer of over 200 interconnect products and Correct-A-Chip technology including custom high frequency RF sockets, CSP sockets and ZIF test sockets

[CAMBION](#)

Manufacturer of high performance electro-mechanical and inductive components including miniature sockets, connector pins, solder terminals, spacers, RF products, and inductors (ISO 9001)

[COLONIAL CIRCUITS, INC.](#)

A 30-year full service manufacturer of high quality circuit boards including multilayer constructions, a collection of rigid, flexible, and rigid/flex materials, blind/buried vias, and a variety of other skills not found in many shops.

[EIS WIRE & CABLE](#)

Engineering expertise and manufacturing excellence in wire and cable since 1910. Hook up wire, computer/data cable, audio & broadcast cable, security, control & alarm cable, IMSA cable, power limited tray cable, and air plenum cable (Custom engineering, ISO 9001:2000, UL, CSA Standards)

[ELEKTRON COMPONENTS CORPORATION](#)

Bulgin Components designs and manufactures mains and waterproof connectors, EMI filters and security switches. Arcoelectric switches: rocker, toggle, push-button, snap, and slide switches. Indicator lights, LED lamp holders, LED's.

[INTEGRA ENCLOSURES](#)

Manufacturer of NEMA non-metallic enclosures used to protect electrical devices in a broad range of industries. Integra Enclosures has received ATEX certification.

[KYCON, INC.](#)

A high quality manufacturer of connectors including D-subminiature, power, modular, stereo jacks, DINs, mini-DINs and sockets, USB connectors, and a family of IP 67 connectors (ISO 9001)

[MERITEK USA](#)

Advanced circuit protection devices: MOV, TVS, PPTC, GDT, inrush limiters, thermistors and thermistor assemblies, and safety capacitors. Legacy products: capacitors – film, MLCC, AE, ceramic. Resistors: leaded and SMD. Current sense, specialty/custom and standard types.

[PRECISION DEVICES, INC. \(PDI\)](#)

A global leader in the frequency control industry, PDI has a wide variety of products for all your design requirements. PDI devices include crystals, filters, and oscillators (ISO 9001, ISO 14001:1996, MIL-PRF-3098, MIL-PRF-790)

[QUALTEK ELECTRONICS CORPORATION](#)

A world leader in fan accessories, heat shrinkable tubing, primary power components (AC receptacles, circuit breakers and switches), EMI power line filters, international and domestic power cords, and cable assemblies (ISO 9001:2000)

[SICON INTERNATIONAL, INC.](#)

SI specializes in offshore electromechanical assembly and ensures the best service, value, and quality. Advanced technologies, cost-reduction solutions and attention to time-critical schedules give our customers a competitive edge.

[SSI TECHNOLOGIES, INC.](#)

Robust, cost-effective sensors and gauges for global applications including pressure sensors, digital pressure gauges, level/distance sensors, digital level gauges, magnetic sensing solutions, and custom systems.

[WIELAND ELECTRIC, INC.](#)

Manufacturer of PCB connectors and terminal blocks. Celebrating 100 years in business. ISO certified.

[XYMOX TECHNOLOGIES, INC.](#)

Manufacturer of custom membrane switches and membrane-switch products for industrial, commercial, medical, appliance, and consumer products (ISO 9001:2000)
